

GREENESSTM

G4 Battery

UNPRECEDENTED EXPERIENCE

PLUG & PLAY

Our Plug & Play Power system ensures effortless connection of the G4 battery to a wide range of devices. Just unplug from GreenVolt, and you're ready to go — it's that easy.

DIVERSE G4 SOLUTIONS

Certified and versatile power options designed to meet your energy needs, from compact units to high-capacity batteries for any situation.

Model		G4
Technical Specifications		Standard Parameter
Battery Type	Lithium-Iron-Phosphate(LFP)	
Energy	192Wh	
Standard Voltage	48V	
Discharge termination voltage	37.35V	
Charge termination voltage	54.75V	
Standard Charge	2A	
Standard Discharge	4A	
Operation Temperature:	Charge: 0~45°C 60±25% RH Discharge: -20~60°C 60±25% RH	
Max Continue Discharge:	12±1A	
Max Continue Charge	4A	
Cycle life	>2000cycles&25±3°C>80%	
Product Size	170*110*78 (±0.5mm)	
Weight	≤2.4KG	
Housing Protection Class	IP67	
Usage Scenario	JASPER series small power products,For example:E-BIKE 36, EGOLFCART 24, Escooter 48 and...
