

GREENESSTM

POWERLINK P

UNPRECEDENTED EXPERIENCE

PLUG & PLAY

It will enable the G4 BATTERY to extend its capabilities beyond powering any GreenESS Certified products, anytime and anywhere. Additionally, it can enhance the battery life of your electronics and provide light in case of danger.

EXPLORE THE POSSIBILITIES

We continue to explore new Certified products for POWERLINK, each rigorously tested for environmental and safety standards. Our goal is to bring sustainable energy to everyone.

Model		POWERLINK P
Technical Specifications		Standard Parameter
Standard Voltage	48V	
Battery connector	6Pin-Blade connector (20A) > 3000insertion and removal times	
Input	TYPE-C (100W)	
Output	TYPE-C (100W) USB-A (20W) 4Pin-Magnetic connector (15A) > 10000insertion and removal times	
Floodlight	3.5W LED (Support SOS mode)	
Product Size	110*78*66 (±0.5mm)	
Weight	0.6KG	
Housing Protection Class	IP54	
Bluetooth	LB4.2	
Installation Mode	Plug into G4 battery (portable external bag)	
Usage Scenario	JASPER series small power products,For example:E-BIKE 36, EGOLF CART 24, Escoter 48 and...
